## A unique and prestigious yacht ...

Whether you are the owner of a prestigious yacht, the manager, consultant or skipper, we have something very special to offer you which will enable you to enjoy carefree days at sea.

It is fascinating to see how the yachting industry has developed in the last thirty years. Nowadays, yachts between 30 and 45 metres are not unusual and even yachts over 50 metres are increasing in number with some hundreds under construction worldwide.

This trend in growth, coupled with constantly changing legal issues and increasing exposure to liabilities for the

owner, requires constant monitoring and an excellent insurance adviser who will stand by you.

The Pantaenius yacht division is one of the few organisations operating worldwide on behalf of the underwriters that specializes solely in yacht insurance. Around 60,000 owners place their confidence in Pantaenius by insuring their yachts with us, including super yachts valued in excess of Euro 100 million. They rely on our long experience and proven expertise in claims handling.

Let us show you how insurance through Pantaenius can benefit you.

## ... now you need a unique insurance.

Most people are not interested in the finer points of insurance; however, everybody is interested in protecting their assets. With Pantaenius you can rest assured that your yacht will be covered to an agreed fixed value and that the finer points will be considered on your behalf by our international team.

Grenada Hurricane 'IVAN' – Within 24 hours the Pantaenius team had started the management of claims, salvage and the repair of over 100 yachts.

Fire damage caused a total loss of the yacht 'Honey Money' and a substantial partial claim on the yacht alongside.

The 30m yacht hit rocks at full speed. A comprehensive, complicated survey of the whole hull structure was necessary as a result of the enormous impact.

## The proof of good insurance is in good claims handling.

The most important question for any owner is – what happens if I have a claim? Pantaenius has years of experience in handling larger yacht insurance claims and our specialist network of experts enables us to settle claims to the satisfaction of our clients.

The 38m carbon in-mast furling rig collapsed when the 126ft ketch 'Hetairos' was hundreds of miles off New Zealand.
